

## **BULK LUBE PRODUCTS DELIVERY CONSIDERATIONS**

The minimum order policy for bulk products is designed to optimize both delivery efficiency and quality control

1. Each bulk product order must include at least one (1) product of 150 gallons to qualify for free delivery.
2. Each *additional* bulk product on an order must be at least 100 gallons to qualify as bulk for delivery purposes.
3. In most cases where a product purchase cannot qualify as bulk, you will find it more cost effective to order the product in drums. The product can be transferred from the drum to your own bulk tanks for 20¢ per gallon.

There is a \$35 less than minimum charge on any bulk order that does not have at least one product of 150 gallons regardless of the dollar value of the total order.

**Products that meet the minimum product requirement, but not the minimum order requirement will also be subject to a less than minimum charge:** for orders totaling less than \$250 dollars the fee is \$50 and for orders totaling more than \$250 but less than \$500 the charge is \$35. Multiple orders scheduled for delivery on the same stop will be consolidated to determine if the minimum order requirements are met.
