

## **PACKAGED LUBRICANTS AND ACCESSORIES DELIVERY CONSIDERATIONS**

The minimum order policy for all types of packaged products is designed to optimize both delivery efficiency and quality control. Free delivery is available when minimum order requirements have been met. It is possible to combine bulk and packaged product orders to meet the minimum dollar value for a free delivery.

1. Orders with a total dollar value between \$0 and \$250 dollars will be charged a \$50 less than minimum fee.
2. Orders with a total dollar value between \$251 and \$500 will be charged a \$35 less than minimum fee.
3. You may order product in drums to be pumped into your own bulk tanks for an additional transfer fee of 20¢ per gallon.
4. Smaller orders of non-hazardous materials may be shipped via UPS, Fed-Ex or other ground shipping if the shipping charge is less than the Jackson delivery charge. Shipping charges will be added to the invoice total or you may prefer to provide a shipping account number of your own to be direct billed.

Multiple orders scheduled for delivery on the same stop will be consolidated to determine if the minimum order requirements are met. All orders must total at least \$500 to qualify for free delivery.
